

To: The Honourable Robert D. Nicolson,
Minister of Justice and Attorney General of Canada

I demand that our Canadian Federal Government take steps to immediately address the "Bullying Plague" that is currently sweeping through our Canadian schools. We have lost too many children to suicide and have too many children currently living in fear as a direct result of being bullied at school.

We need a nationwide plan that holds our kids, and their parents, accountable for their actions in regards to Bullying from Kindergarten through to Grade 12. A standard course of action for all schools across Canada to follow will drastically reduce the risks facing our children today.

Please take the time to review and consider the "Street Smart Kidz Plan" by visiting www.streetsmartkidz.ca/bullying_plan.html today! Whatever you decide to do...

WE NEED ACTION NOW!
